NAME OF THE EVENT

INTER HOUSE WEALTH OUT OF WASTE GRADE VI TO VIII

OBJECTIVE

Promoting recycling and creativity through waste materials.

OUTCOMES

Creativity, recycling awareness, sustainable practices, environmental

PARTICIPANTS / WINNERS

I – Vinobha, II – Gandhi & III – Tagore House

GUESTS & SPEECHES

DESCRIPTION OF THE EVENT Today, an Interhouse "Wealth out of Waste" competition was held in the school quadrangle for boys and girls of grades VI to VIII. The competition showcased the incredible talents of the participants. They were tasked with creating pens and stands using recycled materials. The students demonstrated remarkable creativity and resourcefulness in transforming waste into useful and aesthetically appealing products. The competition fostered environmental awareness, encouraging the participants to repurpose materials and reduce waste. The event served as a platform for students to showcase their artistic skills and ingenuity while promoting sustainability. The enthusiasm and talent displayed by the students made the competition a resounding success, inspiring others to explore innovative ways of utilizing waste materials.
