DESCRIPTION OF THE EVENT The "Stacking the Cup and Balancing" activity proved to be a valuable addition to our physical education program. The cup stacking segment helped students refine their fine motor skills and concentration, while the balancing exercises contributed to their physical balance, core strength, and self-assurance. Both activities fostered a sense of enjoyment and healthy competition among the students, further encouraging them to stay active and embrace physical challenges. The cup stacking segment aimed to improve students' fine motor skills and hand-eye coordination through the precise stacking of cups.
